

Danilo De Rossi

Danilo Emilio De Rossi received the “Laurea” degree in Chemical Engineering from the University of Genoa in 1976. He had appointments for teaching and research in Australia, Brazil, France Japan and USA. He joined the Faculty of Engineering in the University of Pisa in 1982. He is currently Full Professor of Bioengineering. His scientific activities are related to the physics of organic and polymeric materials, and to the design of sensors and actuators for bioengineering and robotics. He is author of over 270 peer reviewed papers on international science journals and peer reviewed proceedings, co-inventor of 14 patents and co-author of 8 books.
